REVELLY TRANE
CLERK OF SUPERIOR COURT
YUMA, ARIZONA 85304

IN THE SUPERIOR COURT OF THE STATE OF ARIZONA
IN AND FOR THE COUNTY OF YUMA

IN THE MATTER OF:

RE: CRIMINAL HISTORY
INFORMATION FOR PRETRIAL
SERVICES

Administrative Order
No. 95-6

Since the court must consider the defendant's past history at release hearings, the data concerning past arrest and convictions are critical to the ends of justice.

The court has charged Pretrial Services with the responsibility to provide such information as is necessary and available to assist the courts of Yuma County in making release decisions. The court has determined that the mission of Pretrial Services, among other things, requires provision of all available criminal information to judicial officers, including juvenile records and NCIC and ACIC criminal information during release hearings.

IT IS ORDERED:

1. The Court Administrator will take the necessary steps to allow Pretrial Services to have direct access to NCIC and ACIC criminal information within the guidelines established by the Federal and State authorities responsible for maintaining that information.

2. The Court Administrator will consult with the Presiding Juvenile Court Judge and the Director of Juvenile Court Services to allow Pretrial Services to access available juvenile criminal information in a manner and of content approved by the Presiding Juvenile Court Judge.

3. All criminal information gathered by Pretrial Services will be held as confidential, pursuant to applicable Federal and State requirements, local court rules, and administrative orders, including Administrative Order 93-40.

Done in Open Court February 22, 1995.

Presiding Judge
